WINNIPEG, Nov. 11.
Navigation in Manitoba and the North-west has closed for the season. Low rates greatly interfered with success.
Hudson's Bay Railroad has been graded forty miles and seven miles ironed.
Scott, the Marquette forger, was sentenced to six years imprisonment at Winnipeg assizes.
The Finlander accused of the murder of the young man named Cooper at Seal Lake, was found guilty of assault with intent to kill.
A curious case has occurred in Winnipeg. A man named Shawles sold his wife and two children to L. Williams for \$67 then left for England. Nothing has been done in the matter.
A disastrous fire occurred in Calgary on Sunday. It swept McAvish street, Victoria, and Stephen avenue, also a couple of blocks on Atlantic avenue. The principal sufferers are I. G. Baker & Co., Harris Sons & Co., Union Hotel, Pullman Saloon, Murdoch's Sundry, Surret's Bakery, Athletic Hotel, Massey Manf'g Co., and Glenn & Tate. Loss about \$100,000.
Five Mounted Policemen deserted from Regina, taking \$2,000 with them.
The Liberals will hold a convention at Regina to nominate a candidate to oppose Davin.
Sir John Lester Kaye contemplates establishing breeding places for Clydesdale stallions at various points along the Canadian Pacific.
It is expected that the Manitoba elections will take place about December 10.
It is now thought the Dominion elections will take place late in December or early in January.
Donald A. Smith, Duncan MacArthur and Hugh Sutherland are regularly in the field for Winnipeg.
Big strike again in progress at Chicago stock yards. Twenty thousand men out.
Train broke loose at Donald station on Saturday night, killing Coles of Winnipeg, and McEae, foreman; Paul, contractor, while Earle, civil engineer, was dangerously wounded.
Archer, famous English jockey, committed suicide.
In the four o'clock sculling contest in England Hanlan's crew beat Turner's crew.
Prince Wladimir has been nominated by the Bulgarians to succeed Prince Alexander.
The Lord Mayor's procession passed off without serious disturbance. Salisbury, at banquet, stated that England would not withdraw from Egypt until she had completed her mission, and that she would act with Austria regarding Bulgaria.
Donovan, a New York newsboy, jumped into the Niagara from new suspension bridge and escaped with a broken rib.
J. M. Campbell is still very low.
For Fancy Goods—the largest and best in town—go to T. N. Campbell's.
Mr. Page, photographer, has leased the Argyle Skating Rink for the winter.
Rev. Dr. Jarline arrived on last Thursday evening.
Col. Macleod will preside at the next sitting of the High Court, on the 23rd inst.
As may be seen by Advertisement and posters the time for paying taxes has been extended to Nov. 20th, after which date the law will be enforced.
On Sunday morning next St. Allan's church will be closed, and at the 7 p.m. service a funeral sermon will be preached by Rev. Canon Fleet.
The Indian office is to be removed to the residence of O. R. Hughes, M.N.W.C., next door west of the telegraph office.
A meeting of the stock holders of the Prince Albert Skating and Curling Rink took place at the Times office on Thursday night to straighten up affairs. It was decided to issue writs to all those holding paid up stock. It was also decided to lease the rink to the highest bidder.
Weather fine.
Business good.
Skating has commenced.
The H. B. Co. mill is idle for want of grain to grind.
Miss McEae has gone on a visit to friends in the east.
The ball in aid of the P. A. C. band has been postponed until the 19th.
The members of the late Bishop McLean's family who were absent at the time of his death will arrive to-morrow.
W. V. McLeise, Solicitor and Advocate, has sued The Times for \$10,000 damages, claiming that we have damaged his legal standing to that extent. We shall see.
Mr. McTaggart, Land Agent, will return by next mail, when Mr. H. J. Mont gomery will immediately proceed to Bat tledore.
The Battledore Herald says T. Scott's challenge to match Sleepy Ben against Ray George sounds like bluff, and we are afraid it is not as fast as Ray.

The Battledore Herald says T. Scott's challenge to match Sleepy Ben against Ray George sounds like bluff, and we are afraid it is not as fast as Ray.

The Assistant Inspector of Weights and Measures will soon be on the war path, and those who are doing a really business had better look out.
Messrs. Rae and Wadsworth, of the Indian Department, returned on Tuesday from Ft. La Crosse Indian reserves. They report the Indians as contented, and for as very plentiful.
Mr. Macdonald, who came up with Mr. Macdonald to blast the rock in which the Marquis was stuck, has returned to Winnipeg, having accomplished the work for which he was engaged.
The auction sale of lots in Block N, Ford & Baker estate, which took place last Saturday night was well attended. Mr. Bridgman, courthouse contractor, bought the whole block for \$15 a lot. Block N is situated in the rear of Ford & Baker's house, and is about half a mile from the centre of the town.
M. J. Charbonneau and party, who have been engaged for the past summer in dredging the rapids to the east of here, returned to town a few days ago, and left on Wednesday morning for Troy. Owing to the low state of the water this fall they have been able to take out a large quantity of stones from the channel. Mr. Charbonneau may return next spring.
From the report of the Board of Education for the last ten months, we learn that there were ten Protestant Schools in operation with 374 pupils on the registers in Prince Albert District, during the past ten months. There are also four Roman Catholic schools, three of which were in operation, with a total of 62 pupils on the registers.
J. L. Johnson and H. Ross, deputy sheriff, returned from Saskatoon on Saturday last, the latter having succeeded in replying some goods which were shipped to the former last spring, but which "sank" to the bottom of the sea opposite Saskatoon, and were fished out lately by one Fielder. The question as to who is entitled to the goods will be decided at next court.
A Macdonald, freight and passenger agent of the M. N. W., arrived in town on Monday evening, having followed the proposed line of that railway from the end of the track to Yorktown, in the York Colony, and then taken the old Prince Albert trail to this place. He reports the country between the end of the track to Yorktown as very good, and comparatively level. The object of Mr. Macdonald's trip was to obtain information with regard to Prince Albert and the country tributary to it. He thinks another year will see the end of the M. N. W., in close proximity to Prince Albert, and freight for this district coming by that route. Judging from the speed with which the line has been built so far, we have no doubt that Mr. Macdonald is correct, and we trust that the merchants of Prince Albert will not be slow to encourage it by bringing their freight by that route as soon as they can possibly do so. Mr. Macdonald left for Troy this morning.

The Assistant Inspector of Weights and Measures will soon be on the war path, and those who are doing a really business had better look out.

Mr. Macdonald left for Troy this morning.

The Assistant Inspector of Weights and Measures will soon be on the war path, and those who are doing a really business had better look out.
Messrs. Rae and Wadsworth, of the Indian Department, returned on Tuesday from Ft. La Crosse Indian reserves. They report the Indians as contented, and for as very plentiful.
Mr. Macdonald, who came up with Mr. Macdonald to blast the rock in which the Marquis was stuck, has returned to Winnipeg, having accomplished the work for which he was engaged.
The auction sale of lots in Block N, Ford & Baker estate, which took place last Saturday night was well attended. Mr. Bridgman, courthouse contractor, bought the whole block for \$15 a lot. Block N is situated in the rear of Ford & Baker's house, and is about half a mile from the centre of the town.
M. J. Charbonneau and party, who have been engaged for the past summer in dredging the rapids to the east of here, returned to town a few days ago, and left on Wednesday morning for Troy. Owing to the low state of the water this fall they have been able to take out a large quantity of stones from the channel. Mr. Charbonneau may return next spring.
From the report of the Board of Education for the last ten months, we learn that there were ten Protestant Schools in operation with 374 pupils on the registers in Prince Albert District, during the past ten months. There are also four Roman Catholic schools, three of which were in operation, with a total of 62 pupils on the registers.
J. L. Johnson and H. Ross, deputy sheriff, returned from Saskatoon on Saturday last, the latter having succeeded in replying some goods which were shipped to the former last spring, but which "sank" to the bottom of the sea opposite Saskatoon, and were fished out lately by one Fielder. The question as to who is entitled to the goods will be decided at next court.
A Macdonald, freight and passenger agent of the M. N. W., arrived in town on Monday evening, having followed the proposed line of that railway from the end of the track to Yorktown, in the York Colony, and then taken the old Prince Albert trail to this place. He reports the country between the end of the track to Yorktown as very good, and comparatively level. The object of Mr. Macdonald's trip was to obtain information with regard to Prince Albert and the country tributary to it. He thinks another year will see the end of the M. N. W., in close proximity to Prince Albert, and freight for this district coming by that route. Judging from the speed with which the line has been built so far, we have no doubt that Mr. Macdonald is correct, and we trust that the merchants of Prince Albert will not be slow to encourage it by bringing their freight by that route as soon as they can possibly do so. Mr. Macdonald left for Troy this morning.

DEATH OF BISHOP McLEAN.

It is our painful duty this week to have to announce the death of the Right Rev. John McLean, Lord Bishop of Saskatchewan, which took place at Bishop's Court, a few minutes before noon on Sunday last, the 7th inst. Deceased had been for some time previous to his death afflicted with Bright's disease of the kidneys, which disease, aggravated by his recent trip throughout his diocese and the accident which happened to him at Edmonton, was the cause of his death. When he arrived from Edmonton he was very low, but it was hoped that with good care he would recover. Fate, however, decided otherwise, though he

"was scarcely more than midway on life's pathway, nor had thought for long years to lay down his pilgrim's staff."

In his death the English church of the Northwest loses a zealous and persevering servant, a ripe scholar and an eloquent preacher, and the Town of Prince Albert one of its best, if not its best, friend. To Mrs. McLean and the other members of his family we tender our sincere sympathy, and in doing so we are sure we only echo the feelings entertained for them in their sad bereavement by all those who had the pleasure of the acquaintance of the late prelate.

This week we are unable to do more in the way of giving a sketch of the life of the deceased than quote the few facts to be found in *Morgan's Annual*, but next week we hope to be able to refer at length to his life and labours in the Northwest.

[The Rt. Rev. John McLean was a native of Scotland, and was born at Portray on the 17th of November, 1828. He took the degree of M. A. at the University of Aberdeen in 1851, and was ordained priest in 1858. He was made canon of St. Paul's, London, Oct., in 1858, where he remained eight years, when he was appointed Archdeacon of Australia, and Rector of the Cathedral and Warden and Divinity Professor of St. John's College, Rupert's Land. The degree of D. C. L. (Trinity and Emmanuel) was conferred on him in

1871, and D.D. in the same year. In 1874 he was appointed Bishop of Saskatchewan, and six years subsequently he founded Emmanuel College, of which he was Warden and Divinity Prof.]

He leaves a wife and nine children, two of whom are married, one being the wife of Rev. Canon Fleet and the other the wife of Rev. R. Hilton, of Ft. Macleod. Three of the children are attending St. John's College, Winnipeg, the remaining four being at home.

The funeral will take place at twelve o'clock, Sunday next, and will be attended by the Acting Mayor and Corporation, Mounted Police, P. A. C. Band, St. Andrew's Society and the public generally.

EDITORIAL NOTES.

The *Battleford Herald* says the Dominion election either will or will not take place this year. We are happy to agree with our contemporary.

It is proposed to establish a reformatory in Manitoba. The idea is a good one and probably owes its origin to the recent developments of political corruption in Springfield.

A rosy patriot out of office is always the rankest kind of an agitator.—*Strathroy Age*.

We don't believe it. Cause why, they are seldom out of office, and have little chance to become as proficient in the art of kicking as the Grits. They never believe their country, wink at rebellion and talk secession, to obtain office, however.

Some of the members of the Northwest Council are objecting to redistribution because the enlargement of their respective districts may make their return a matter of doubt. It will be a pity if this dog in the manger course is allowed to interfere with the passing of a good redistribution measure.

THOMAS M. L. O. David is the man who proposed to drive the English out of Canada about a year ago, and was talked to somewhat plainly by the *Montreal Herald* and other English papers. "For pandering to the prejudices of the French Canadian race," he is now one of the Grit white-haired boys. Funny.

MR. HUGHES has succeeded in securing a grant of \$300 from Northwest funds for the Lorne Agricultural Society, and cheques for prizes awarded at the recent exhibition will be immediately issued by the Secretary, Mr. A. H. Clarke. Mr. Hughes deserves the thanks of the people of this district. He has a powerful grip.

MR. JELLY, one of the members of the Northwest Council from the Regina district, in the course of the debate on Constitutional government, said "that whether or not they should have the same system of government as Manitoba and other eastern provinces was a question he was not decided on." His constituents should see that he decides very quickly in the affirmative, or too much jelly may spoil the constitutional pudding.

The *McLeod Gazette* and *Edmonton Bulletin* have been analyzing the Lieut. Governor's speech, but are unable to parse it. They think though it was delivered in a very potential mood it is not imperative on their part to accept it as gospel. But the aforementioned scribbles never did like the House and never fail to review his opening speeches disparagingly. It is evident that if we would have a truthful and conscientious governor Mr. Oliver must be appointed. He would not say anything he could not swear to for a cow.

It is reply to representations made to him from the Secretary of the Lorne Agricultural Society, the Lieut. Governor has promised to use his influence with the Dominion Government to have the time for the repayment of the seed grain extended for another year. It is only fair to add that the Government has shown no disposition to be harsh with our settlers, nor have we the slightest fear that they will. Those who cannot repay it this year will receive an extension of time, and those who are able to repay it, we presume, will do so.

FORT McLEOD.

The *Gazette* of Oct. 26, says:

The estimated number of cattle in the Maple Creek district is 15,000 head.

The end of October has been reached and there has not yet been a storm which has caused the farmers a moment's anxiety. Another thing that has been favorable to the cow business is the almost entire absence of prairie fires this fall. Light and frequent falls of snow have kept the grass in an unburnable condition.

ST. ANDREW'S SOCIETY.

The St. Andrew's Society met on Friday evening last, Mr. John Stewart, Vice-President, in the chair.

The treasurer reported a balance of \$195 on hand. The following nominations were made by Mr. Stewart, seconded by Mr. Stull: President, Col. Sprat; 1st. Vice-President, Graham Neilson; 2nd. Vice-President, Graham Neilson; Secy. H. W. Newlands; Treas., Samuel Macleod. There being no other nominations they were declared elected. His Lordship the Bishop of Saskatchewan and Rev. A. Campbell were elected honorary chaplains; physician, Dr. Bain; bard, R. Thompson. General committee, A. H. Clark, T. N. Campbell, H. J. Montgomery, J. F. A. Stull, J. C. McKenzie, Jas. MacArthur, Blaine Goodfellow, John Stewart, James Sanderson. Special Committee for making arrangements for celebrating St. Andrew's Day, A. H. Clark, H. W. Newlands, T. N. Campbell, J. F. A. Stull, Graham Neilson.

EDMONTON.

The Bulletin, Oct. 16, says:—

Edmonton School District has cleared of all liabilities and now has \$700 in the treasury.

Great mill machinery for Lac la Biche passed through here on Tuesday. The mill is to be erected by the Catholic mission authorities.

The Indian children who were sent from this part of the country last fall to attend the Industrial School at High River have nearly all been brought home again.

Fraser & Co. will take their portable horsepower engine, single machine and new sewing machine, which is expected shortly, from Calgary to Athabasca landing to work this winter.

Gas. Ross, of Ross Bros., was severely injured by a fall from Friday while working at F. D. Wilson's.

B. Beaupre, of Ft. Saskatchewan, grows tobacco for his own use. A stalk of this year's growth four feet six inches high was secured by Jas. McDonald and sent to Calgary by last stage to be exhibited at the Agricultural show there on Tuesday and Wednesday next.

The steamer Gratiot made three trips this summer from Long Portage on the Peace river to the rapids at Fort Smith on the Great Slave river. She is laid up for the winter at Fort Chipewyan. The Mackenzie river steamer built at Fort Smith by Captain Smith was launched and ready to make her first trip when the Gratiot was there last. She was expected to winter at Fort Simpson, where Captain Smith will also winter. The steamer is 80 feet long and 14 feet wide. During the summer Capt. Smith lost his youngest child.

Capt. Pavel made the trip from Fort Chipewyan to Edmonton this fall in 20 days.

Geo. Phillocheau has taken a claim at the Hazy mine, and is taking his family there. He intends to build a furnace for smelting the rock, believing that silver can be extracted by a very simple process. Twenty-eight claims of forty acres each have been taken in this mining locality within the past two weeks.

The H. B. will build a steamboat at the Athabasca Landing this winter to run on the Athabasca above the Grand Rapids and up Lesser Slave river and lake. They will also erect a large warehouse, store and other buildings at the landing, which will be the depot for the trade of all the country lying northward to the Arctic ocean.

BATTLEFORD.

The Herald of Nov. 1st says:—

Olive's shingle mill was burned last night. It is a complete loss.

The new Presbyterian Church has been completed. It is built of white brick and will accommodate 150 people.

Inspector White-Fraser is in from Union Lake. While there he paid a visit to Frog Lake and examined the graves of the victims of the massacre of April, '85. He says they are now all in good order, neatly sodded, and the crosses put to mark them still standing.

Several additional cases of fever have broken out in town during the week. Miss Elsie and Miss Jessie Laurie being amongst the sufferers.

The new police hospital is completed and will be ready for occupation as soon as the stoves are put up. The sick are all getting on well.

News from Edmonton of October 29th, says the weather is fine. Ploughing and threshing still continue.

Long Man, one of the Fort Pitt mammoth Indians, was taken in charge lately at Fort Saskatchewan when he presented himself to recover some horses that he had lost during the rebellion. He was with the band that murdered McIvor at the South Branch and is not included in the amnesty. He is also the one who killed Const. Looby with trading bullets at Ft. Pitt.

Twenty-seven deaths from measles had occurred at Lac la Biche at last accounts. The disease is abating.

Wheat, 90c; oats, 50c; barley, 40c; potatoes, 55c to 60c.

The Edmonton exhibits of grain, roots and vegetables at the Calgary fair were the best there.

Fraser & Co. will take out half a mill run feet of sawlogs this winter. James and Brothers will cut nearly all winter.

CALGARY.

The Tribune, Oct. 20th, says:—

The Indian chiefs who returned from the east with the Rev. John McDougall a short time ago are full of the praises of their white brethren whom they met on the trip. It is said the chiefs will have to talk all winter about their visit.

John Hallam, of Toronto, says wool grown in the Calgary District is very nice, but quite a number of the fleeces are wild, tender, and of heavy staple.

Our manufacturers do not like. The finer and stronger they can grow their wool, the sheep ranchmen will find the more profitable market, and every pound of this wool used by our manufacturers will supplant so many pounds of foreign grown wools, which will be so much more creditable to the country.

The Rev. John Nelson is in town for a new bell for the Methodist Mission at the Stoney Reserve, Wolf Creek. This bell weighs 300 pounds, and has been purchased by the Indians themselves with the assistance of a few subscriptions which they solicited from one of their white friends.

Detachments of police will be stationed this winter at Scarlett's, Levine's, Blackfoot Crossing, and at Morley.

The Herald of the 30th says:—

T. N. Christie leaves for Edmonton today to start a branch of Lafferty & Smith's bank at that place.

Rocky Mountain sheep and goats are plentiful in the neighborhood of Banff. Mr. W. H. Horne while photographing about eight miles from that place yesterday saw a band of several sheep on a peak above him, and the Stones are shooting them quite close to the springs.

We gratefully cull the following flower of fancy from the columns of the St. James Gazette, London Eng. At first we thought that some kind of a joke must be wrapped up in it somewhere, but on reading it a second time we have come to the conclusion that the writer was in dead sober earnest:—"The Indian outbreak" which is reported from Canada will, of course, be put down easily and quickly. But the havoc already wrought by the Crowfoot is horrible to read. The tribe started on the warpath on Monday for some reason which does not seem to be clearly known. They have carried on operations in genuine Indian fashion, ruthlessly murdering every living creature they came up with, firing their arrows and scalping the dead. They annihilated the tiny settlement of Hudson, killing the entire population of six men and ten women and children. They are said to have murdered a hundred white settlers scattered in lonely farm houses, and two Roman Catholic missionaries. As they neared the American border they fell in with the hostile tribe of Grosventres. A desperate fight followed, the Grosventres losing about forty and the Grosventres about fifty of their number. The mounted police are already in pursuit, and will be supported by militia if required. Following so soon on the deplorable Indian outbreak under Riel, this disturbance seems to show that some more regular system of supervision is needed over the tribes of the Northwest."

The man who can evolve out of his imagination an entirely new and hitherto unheard of tribe of Indians, start them on the warpath slaying, scalping and destroying altogether unknown and nonexistent settlements, only wastes his time in the humdrum routine of a London newspaper office. The manager of the Toronto Globe should hasten to secure his services in time for the first Indian war. They need his vivid imagination combined with his accuracy of detail and easy manipulation of figures, in their business.

MEDICINE HAT.

The Times of Oct. 23rd says:—

Fifty men, some of them accompanied by their families, arrived at the mines on Friday.

The round-houses at Danmore have been completed.

Mr. Feehan is in receipt of a telegram from Rev. Father Graton, saying that he will be here on Monday or Tuesday next with the plans for a new Catholic church.

A large area of land in this vicinity has been leased for ranching purposes and a number of cattle will be put on the ranges the coming spring.

Antelope are now quite numerous north of the river. Engineer Horton counted forty-two in a herd near the track at Stair a few days ago, and on Thursday Capt. Norman saw a band of about 500, one and a half miles from the barracks.

ADVICE TO MOTHERS.—Are you disturbed at night and broken of your rest by a sick child suffering and crying with pain of cutting teeth? If so send at once and get a bottle of "Mrs. Winslow's Soothing Syrup" for children Teething. Its value is incalculable. It will relieve the poor little sufferer immediately. Beyond doubt it, soothes the stomach and bowels, cures Wind Colic, softens the gums, reduces inflammation, and gives tone and energy to the whole system. "Mrs. Winslow's Soothing Syrup" for children Teething is pleasant to the taste and is the prescription of one of the oldest and best female physicians and nurses in the United States, and is for sale by all druggists throughout the world. Price twenty-five cents a bottle. Beware and ask for "Mrs. Winslow's Soothing Syrup," and take no other kind.

REGINA, Oct. 27.

The Council has not been very busy during the past week, and the sitting to-day could scarcely be called one, only lasting a few minutes.

Col. Macleod reported from the committee on civil justice recommending that the legislation sought by the Regina and Qu'Appelle petitions be brought forward as private bills. The same committee also reported with amendments Mr. Reels bill respecting illegitimate children.

The name of Dr. Wilson was added to the committee on schools and finance; and that of Col. Irvine to those on miscellaneous subjects and gophers.

Col. Macleod moved the adjournment, stating that it had taken longer than the civil justice committee expected to get the judicature act through the printer's hands and it was not ready. He laid the blame of the loss of time on the *Leader* office, and intimated that the latter establishment was more ornamental than useful, and rather an expensive luxury for so young a country.

OCT. 28.

Mr. Ross presented the report of the finance committee recommending advances to agricultural societies through their representatives as follows: R. Crawford, \$125; W. D. Perley, \$125; S. Bedford, \$250; J. S. Turfill, \$500; S. Marshallbay, \$210; Dr. Lander, \$100; Lord Boyle, \$100; S. Cunningham, \$150; Dr. Wilson, \$150; O. E. Hughes, \$300. The report was received.

His Honor presented an application for a grant from the Saskatchewan Agricultural Society. Referred to the finance committee.

Mr. Perley moved for a committee consisting of Messrs. Second, Turfill, Jelly, and the mover to amend the exemption ordinance of 1885. Carried.

Mr. Second introduced a private bill to legalize the bonus by law of Regina.

Mr. Turfill drew attention to the loose way in which municipal councils conducted business. He thought the legal lore of the Northwest was of a very low order.

Mr. Crawford introduced a bill to legalize a bonus by law of South Qu'Appelle.

Mr. Reid stated that many difficulties had arisen in connection with his bill for the support of illegitimate children and he asked that it be allowed to stand.

Col. Richardson moved the council into a committee of the whole, to consider the civil justice ordinance, or judicature act. After a few clauses had been passed Col. Macleod raised the objection that the bill was not properly printed, and they were only losing time in going on with it in its present shape. He proposed that the civil justice committee have the bill printed as they intended to present it, and then the council would be able to deal with it intelligently. He moved that the committee rise and report progress.

Col. Richardson said the bill would not be ready for two days, in that case, and he thought they could make some progress with it from the manuscript, and it could be printed as they went along and passed the clauses.

The committee rose and reported progress with it from the manuscript, and it could be printed as they went along and passed in clauses.

The council adjourned about three o'clock.

Mr. Hayter Reed's bill has been amended beyond recognition. The imprisonment clause has been eliminated and two others added which provide that "other evidence than that of the mother as to the defendant being the father of the child shall be necessary," and "no action shall be brought after the expiration of three months from the date of the birth of the child." The third reading has been deferred.

Mr. Hughes will ask the council to pass a resolution asking the Dominion Government to erect a bridge across the South Saskatchewan near Saskatoon, for traffic and railway purposes, the latter for the benefit of the Long Lake and Saskatchewan Railways. It is said this is all that is needed to insure the extension of the road to the Saskatchewan.

Mr. Cunningham intends moving for a committee to consider all questions affecting the Metis of the Northwest and report thereon.

ANNUAL SCHOOL MEETING.

The annual meeting of the ratepayers of Prince Albert Protestant Public School District No. 10, was held in the School House on Tuesday, 2nd Nov., at 1 p.m., Mr. J. R. McPhail in the chair.

The reports of the Sec. Treas., Teacher and Trustees were read to the meeting, and were well received by those present, who expressed general satisfaction at the manner in which the affairs of the district have been conducted. A letter from the auditor, Mr. Thos. E. Parker, certifying to the correctness of the accounts was read to the meeting.

It was then moved by Mr. J. Courtney, seconded by Mr. G. Love, that the reports as read be adopted. Carried unanimously.

Moved by Mr. Love, seconded by Mr. Courtney, that a vote of thanks be tendered the retiring trustees for the able manner in which they had managed the affairs of the district for the past year, and that a report of this meeting, together with the reports already read, be sent to *The Times* for publication. Carried.

The meeting then adjourned.

REV. DR. JARDINE.

From the *Rockville Evening Record* of Oct. 27th we take the following:—

At a meeting of the executive committee of the Evangelical Alliance, held on Saturday, the 23rd inst., the following resolution was passed:—

To the Christian People of Prince Albert, N. W. T.:

"Be it known that a meeting of the executive committee of the Evangelical Alliance, held here this day, it was moved by Rev. G. A. Jamieson, pastor of the Congregational church, and seconded by Rev. Dyson Hague, rector of St. Paul's, Church of England, and resolved:—

"That on the eve of the departure for Prince Albert of our esteemed brother in Christ and fellow laborer, Rev. Dr. Jardine, of St. John's Presbyterian church, the executive committee desires to put on record the high esteem in which it held his noble character and faithful work in the community;

"That the members of the committee view his departure with a sense of loss only equalled by the pleasure always afforded them in his good fellowship and constant concern for the welfare of the whole body of Christ's church. That in bidding him farewell for the present, the members of the committee most heartily commend him to the protection and guidance of Almighty God and to the brotherly love of brethren of Prince Albert, in the hope that the gifts and graces with which the Father hath so richly endowed him may be most successfully employed as they have been here in the feeding of Christ's lambs."

The congregation of St. John's church, of which Rev. Dr. Jardine was pastor, also passed a resolution expressive of their regret at his departure, and their best wishes for his future welfare.

George M. McKenzie, brother of the late Simon McKenzie, who arrived by the last mail, will sell the effects of the latter by auction on Monday, 15th Nov., at 1 p.m., opposite the office of H. W. Newlands, Esq.
